With program locations throughout the Western United States, *CareMeridian* offers a distinctive service delivery model, merging an experienced and skilled health care and rehabilitation team with state-of-the-art technology in community-based program settings designed to meet the unique needs of those we serve at every stage of their recovery.

Located adjacent to the Oxnard Airport, *CareMeridian's* facility in Oxnard opened in 1994 with six beds and has since expanded to 10 beds in almost 4,500 square feet. The facility is centrally located near both the beach and mountains and features an expansive yard with walking path. Annually, the staff plans a luau on site, in addition to patient outings to the beach and the Ventura County Fair.
